Belgaum, February 1918.

Sir,

I have the honour to request that you would be good enough to supply this office with a statement showing the nature of the water supply for each town and village in your State carefully tabulated under the following heads.

The information is required by the Sanitary Commr. for the Government of Bombay, as early as possible; & hence the request.

(a) Of public water supply.

(1) Source – e.g. lake, river, wells.
(2) Gravity supply or pumping.
(3) Capacity of service reservoirs.
(4) Distribution – e.g. number of house connections if standpipes are sufficiently numerous and conveniently placed.
(5) Water-rates.
(6) Provision of drainage for waste from house connections and from stand-pipes.
(7) Arrangements for water for Domestic animals.
(8) Arrangements for washing clothes.

(b) No public supply.

(1) Wells may be divided into 2 main groups public and private. Each main group to be sub-divided into 4.–
(a) Those pucca built with parapet walls and drainage for spill water – it should be noted if parapet wall is continuous or is provided with spaces at intervals for facility in dealing with buckets. (b) pucca wells without drainage. (c) wells without parapet walls. (d) Step wells. There are some wells which are not actually step wells, but persons can climb down into the water – the fact that individuals can get to the water should be noted.
(2) Tanks
(3) Rivers and nullahs.

In case of all towns and villages a note should be made of the arrangements for watering domestic animals and for washing clothes. The drinking water supplies for the lower castes should be given separately.

Belgaum, 23rd December 1915

Sir,

With reference to your No. 932 dated the 23rd ultimo I have the honour to inform you that a Candidate aspiring for the post of a Vaccinator must have passed the Vernacular - - - School Final Examination and his age should be not below 18 nor above 25. He will also have to undergo an examination by the Civil Surgeon for physical fitness prior to his training. On satisfaction of these conditions the Candidate will be permitted to receive training for the period of six months --- under any 2nd Grade Vaccinator of the District under whom he i desirous of being trained. During that time he should perform 300 operations and thoroughly acquaint himself with the Daftar work of a Vaccinator and obtain a certificate from him to that effect at the end of his training. Subsequently, he will be sent to the Vaccine Institute, Belgaum, where he will have to remain for about a month or so to receive further instructions and secure a certificate of efficiency from the Director, --- Vaccine Institute. A Candidate who has completed the above course of training will be considered eligible for the post of a Vaccinator.

2. The pay of the Paid-Candidate Vaccinators varies with the different Districts of this Division. It is Rs. 8/-

and 10/- per mensem respectively in the Belgaum and Dharwar Districts. The two Candidate Vaccinators in the Kanara District earn Rs. 10/- and 8/- per mensem respectively according to --- seniority.

to the Lazer through this office ~~[illegible]~~ ~~[illegible]~~ ~~[illegible]~~ stating that many difficulties will come in his way to work in accordance with the new rules made by the Lazer in his no. 329 D 23/4/18 & therefor requests that he may be kindly ~~be~~ allowed to treat bona fide poor outside people either indoor or outdoor free of charges & the people whose annual income ~~for~~ is Rs. 1000 may be ~~a~~ taxed.

No. 1. 8/8/18

Respectfully submitted to the 30/7/18

2. The object of the rules lately framed for the working of the Dispensary is obviously to economize the stock of medicines & to raise the revenue of the Dispensary, in view of the prices of medicines which have gone high, owing to war conditions. The object, the undersigned humbly thinks, would be equally attained by the following arrangements & the difficulties represented by the S.A. Surgeon to arise, in the working the rules, cod. also be, the same time, removed.

(1) The stock of medicines need not be set apart separately for the classes of patients mentioned in the rules. The necessity of having so many sets of bottles, tins, pots &c. for storing medicines, will be obviated & no cost need be incurred for the purchase of extra bottles &c. the prices of which have lately been abnormally high.

The present arrangements by

by which medicines, poisons &c are stored on my Cookline.

2. If the above proposal is approved no separate expense books need be maintained. The Clerical work complained of as being involved in writing up the books, will be reduced & there will, at the same time, be no deviation from departmental rules referred to by the S.A. Surgeon.

3. Even though charges, an account of medicines, are recovered from paying patients (Para 5 of the rules) as per schedule A sanctioned by Govt. & referred to by S.A.S. there will be no reduction in the clerical work involved in writing up duplicate copies of receipts which are to be given at once to the patients, as they are treated.

Instead of recovering charges as per this schedule, the Ufs ord respectfully suggest that composition fees may be levied at the rate of Re 1 per annum per every member of a family which comes under Para 5 of the rules. The fees thus realized will not be, the Ufs thinks, less than the charges recovered as per schedule mentioned above. The S.A.S. who was consulted in this matter agrees with the Ufs.

4. The Dispensary Committee was held on 24-7-18. The patients present on that day were so few that they could be numbered on the figures of one hand. The S.A.S attributes that result to the new rules under which people with an annual income

income of Rs 250 or upwards, were required to pay fees.

There are many families in Sawanur & in the villages whose income is Rs. 250 per annum or in other words about Rs 20 p.m. The present charges are this S. a still apparently prohibitive in the case of such families. The result is that a large number of patients resort to the ordinary quacks or Hakeems whose number is legion in Sawanur who are now making good business.

The Hon ble respectfully suggests that the minimum taxable income may be fixed at Rs. 500 if not at Rs. 1000 as in the British Districts. At any rate the experiment may be given a fair trial.

5. The question of treatment of poor patients coming from neighbouring Br. villages, was discussed, when the Hon had the pleasure of having a talk with Capt. Mehd Nawabsha last time, in Poona. It was then settled that the S.A.S. may be allowed some discretionary power in the treatment of outside bona fide poor patients, indoor & outdoor, free of charges.

6. ~~The Hon ble respectfully observes that if there is an increase of charges, as every day life [illegible] (Dispensary [illegible]) [illegible] extremely [illegible] [illegible] [illegible] free of charges~~

2. Extra bottles may be purchased for separate storage of medicines & the old stock of bottles shd. not be sold as was done in the past. An estimate for the contingent bottles to be purchased shd. be submitted for sanction.

3. The dispensary shd be kept open for longer periods every day so that there may be no difficulty in discharging clerical work. It shd please be reported how long the dispensary wd. be opened every day now.

4. It shd. be borne in mind that this is a Native State & Surgeon Generals orders shd. be carried out as far as practicable along with the orders issued by the Chief of the State.

5. The prices of medicines shd. be charged according to the rate of medicines at which they were consigned last time to the S.A.S. Sewan.

6. Charges for medicines shd. be recovered from those persons whose annual income is Rs. 350 or more, as the previous order on the point is modified.

7. Certain percentage of medicines will be ordered to be set apart for poor patients

attending the Dispensary from Bo. Villages V detailed orders regr. the same will be issued later on.

8. The object of the Rules lately framed for the working of the Dispensary is neither to economise the stock of medicines nor to raise the fee income of the Dispensary as contemplated by the Dewan but to secure the services of a competent midwife for the Dispensary.

9. The difficulty of writing up duplicate copies of receipts wd not have been arisen in the case of a private dispensary, but in the case of a State dispensary, all sorts of difficulties would arise.

10. The proposal of the Dewan to levy composition fee at the rate of Re. 1 per annum per every member of a family which comes under para 5 of the rules referred to by the Dewan, instead of daily fees, ~~[illegible]~~ is disapproved.

11. There is no help for the decrease in the number of patients present on the date of the Dispensary Commencement, owing to the new rules being brought into force.

12. The large number of patients who resort to ordinary quacks or Vaidiums in Sawam will soon realize the disadvantage of obtaining charity & wd naturally resort to the State

Dispensary in the Course for medical ~~aid~~ aid when they learn the advantages derivable thereby & when they can afford to pay the expects or takins for their treatment they can also afford to pay for the medicines supplied to them at the State Dispensary.

Respected Sir,

your wire duly to hand & noted the contents with great surprise I never thought that I would get the chance of having the posh as I had no reply to my application. Now I humbly beg to request you that I am willing to accept the posh on the following terms

The service should be pensionable or if any other system such as provident fund is existing I am willing

I should be allowed ~~free~~ private practise.

I will know whether I am to do

any personal services to the Nababsahib or not

I should be given free quarters and my travelling expenses from this place to Savanur

~~If the~~ I am willing to accept the post on the above terms and shall be able to join the dispensary by the end of this month

Hoping to receive an early reply

Dear Dewan Sahib,

I beg your apology for not sending a letter to you earlier. I was corresponding with the State & was not in a position to give you the exact date of my coming over to Savanur & taking the charge. I have now received a reply & I will certainly come on the 18th or even a day or two earlier.

Yes
up up

I have already requested you in person to send me a peon from the dispensary. You will kindly ask him to find out the carts coming from Savanur to Dharwar, so that

I can send my kit conveniently

I know I am taking advantage of your kindness in requesting you to do such favours, but as you have been kind to me all along, you will not mind this also.

Kindly give my best respects to H. H. The Nawab Sahib. I request him on my behalf to excuse the delay.

Yours sincerely
H K Kurlekar

I tried to obtain one year's leave without pay. Now I have resigned my post here, so that I am now quite free. I will wait for a week. If the reliever does not come I will hand over charge

Sir,

I beg to draw your favour of your personal address page 26 of the Bombay Govt Gazette dt. 11/11/18, wherein it is notified that Dist Police Act 1890 having been amended, § 61 A has been inserted after § 61. This amendment imports that if cattle are habitually allowed to stray & that such cattle trespass on land & damage crops or other produce therein, the Govt may direct that provisions of § 61 A shall have operation in such area.

§ 61 A lays down that a person who through neglect or otherwise fails to keep in confinement or under restraint between one hour after sunset & sunrise any of his cattle shall be punished with fine or imprisonment.

I beg to bring before Your Highness that the Cost by the application of this amendment

was first started by my predecessor as Cdr in his opinion, the introduction of the amendment of the new Sec 61 it would be necessary as Campbell's memo dt 23/3 which is enclosed. ~~Such a case be can furnishing no [illegible]~~

To

Captain Meherban Nawabsaheb Dilerjung

Bahadur Savanur State.

Respected Sir,

In obedience to your order no.757 dated - 3rd September 1919, I invited applications, from the qualified retired Sub-assistant Surgeons for the post of a Sub-assistant Surgeon on Rs.65/-p.m. at Savanur through the --- weekly news paper "Kasari" for three successive weeks. I accordingly received 24 applications which are all enclosed as per appended statement for favour of your perusal and selection of one of the applicants.

2) Majority of the applicants, are qualified sub-assistant Surgeons and have either passed Sub-assistant Surgeon's examination from the Government Medical classes or L.C.P.S. examination i.e. Licensiate of college of Physicians and -- Surgeons at Culcutta or Bombay.

3) Serial no.12 Mr. G.S. Gore states in his application that h he has passed L.M.&.S. and L.C.P.S. examinations. He has not sent any of his certificates.

4) Serial nos.3 and 16 Messrs V.G. Kurloker and G.V. Pandit - saw me personally. Both have passed L.C.P.S. examinations. The former is serving as Sub-assistant Surgeon on Rs.45/- in charge of the Shirahatti Dispensary-23 miles from Savanur in the Sangli state. He has the experience of 10 years as he says and one of his certificates shows that he has picked up eye operations at Miraj Dr. Wanly's Dispensary. The latter Mr. Pandit has been serving in the Kolhapur State as Sub-assistant Surgeon for the last 6 years.

5) I also beg to bring to your notice that some of the applicants wrote to me to communicate to them the future prospects attached to the post. I am humbly of opinio the

maximum pay may be fixed with a condition that the Sub-assis--tant Surgeon selected should execute a bond for at least - three years.

6) The present ~~incumbank~~ incumbant Dr. Bavadekar wants to go on previlege leave from 16th instant. I solicit orders as to the appointment of one of the applicants who may be found suitable by your Honour.

7) In my humble opinion old men can not be of much use even for ordinary operations. Private practitioners have hard any practice for post mortems.

Respectfully submitted to Meharban Captain Nawabsahib Dilbar Jung Bahadur for favour of perusal & orders.

2 There are at present no signs of influenza epidemic. The Medical Officer, may be ordered to find out any good specific medicines on the disease as its preventive & also curative remedy. The Municipal members & some leading men will be ready to volunter this services if necessary. The necessity of an additional Sub-Assistant Surgeon & of nurses will be reported when the signs of the epidemic may be impending. Savanur is not so big a town as may require any special arrangements mentioned in the enclosed memorandum.

3 As regards proper arrangements to be adapted in the State villages, the villages may be supplied with specifics & other suitable medicine, as already ordered by the Surgeon. Other local arrangements as are best suited to the occasion may be made, when the signs of outbreak are observed.

Extract from memorandum regarding measures for organized relief against influenza.

III. Measures for Organized Relief.

(a) Local authorities should have ready lists of their requirements for doctors, nurses, the additional hospital staff required, such as sweepers, dhistis, &c., mask makers, motor cars, ambulance drivers and volunteers of all kinds necessary, for the actual treatment of the sick; and have noted, as far as possible, the actual persons who could prove useful in various accessory capacities. A canvass of private cars which people are willing to lend as ambulances, might advantageously be made. Further, the names of volunteers for district visiting and localization of cases should be noted.

and other local authorities.

In this connection too it would be well for municipalities to entrust the actual arrangements prior to an epidemic to an organized body such as the St. John Ambulance Brigade Nursing Association, as in addition to the above, hospital requisities must be obtained, e.g., beds, mattresses, etc., Lists of what are valuable should be made ready.

(b) Resources of men and material should be centralized under one central authority.

(c) The work of district visitors in a house-to-house canvass, referred to under paragraph (a) above, should be co-ordinated. Valuable information would thus accrue as to the actual extent of the disease. These visitors should also be instructed as to the type of case and home which would justify home treatment being adopted, and when hospital treatment is necessary.

A central clearing house or a bed dispensary might be instituted in large towns and severe cases be transferred from these to the hospitals. Hospitals should be warned to admit only severe cases as their resources will be taxed to the uttermost.

(d) It is needless to say that all other public health organizations, such as vaccination and plague organization staff, &c., should be utilized for the various measures of influenza epidemic control.

Sir,

Being given to understand that there is a vacancy of a qualified medical man under your immediate control, I the undersigned Sub-Assistant Surgeon is a candidate for the same.

For your information I beg to state that I am in this profession for the last 25 years; I was in different places as a Medical Officer from Rs.100 to 150 per mensem. Lastly I was in German Firms - Messrs Schroder Smidt & Co., which firm went into liquidation at the outset of the War. Since then I was practising and amidst this I was appointed by the Simla Office as a Sub-Asstt Surgeon at Daresalam, Central Military Railway Hospital in Africa for a period of 18 months on a salary of Rs.225/- per month plus boarding, clothing and attendance, etc., I have now returned to India after the expiry of my agreement and I enclose my first and last certificate for your perusal.

In view of the above if you should be pleased to confer upon the post solicited for I shall discharge my duties to your entire satisfaction and will remain extremely grateful.

I beg to remain,

Dear Sirs,

Sub-Asst. Surgeon Govind Vithal Kamat

In reply to your letter of the 14th inst. we beg to inform you that Doctor Kamat when employed by us for The Shirajpur Syndicate, carried out his duties at the Hospital very efficiently, & we were informed by the Mine Manager that his sanitary arrangements therewere very fine.

We do not hesitate in putting him down as a first Class man for the post he has applied for with you.

We are

Your faithfully

Sir:-

Read your advertisement in the last "Kesari" for a Post of a Medl. Officer for the Sawnoor State & I beg to apply for the same.

I have studied in Poona Medl. School for 4 ½ years & have passed the L.C.P.S. Examination of India; and have served as the Officer of the Baroda State for the last six years. I wanted to proceed to the East African Protectorate for services & hence took leave of absence. Owing to domestic difficulties I have for the present postponed my departure. In case you are pleased to sanction my appointment there & I find the place suitable & lucrative, I

I might yet decline the offer for the agent to the East African Govt.

I have herewith enclosed Copies of my Testimonials for your kind perusal.

I am a Mahratta by Caste & my age is 34.

Soliciting the favor of an early reply.

I beg to remain
Sir
Your Most obedt. Servt.
